SUMMARY OF COLLECTION: The Animal and Plant Health Inspection Service (APHIS), Wildlife Services (WS), is a service program that responds to requests by persons and agencies needing help with wildlife damage. Information provided by customers in the WS programs is voluntary so that WS can prepare to help them. APHIS/WS will collect information using several forms.

NEED AND USE OF THE INFORMATION: Information collected in most situations is used in routine business communication activities by WS as part of its cooperative programs initiated by request from the public and government entities.
